- A history of success....

"...Will you be one of the success stories from the 2008 EMEA Extravaganza?"

"I became a Distributor in December 2003 and qualified to World Team by the Extravaganza in July 2004. The Barcelona Extravaganza really gave me the inspiration to climb up the Marketing Plan as quickly as possible. A year later, after Atlanta, I qualified GET Team then on to Millionaire Team after Athens 2006. Barcelona 2008 will be our sixth Extravaganza! No wonder these events help us develop our business, they also inspire us to climb another step and change our pin!"

Dominique Kerrinckx,
Millionaire Team, France

"Since we started our Herbalife business, we have always tried to attend all the national and international events. I attended my first Extravaganza in Paris 1999 alone, as my wife was at home looking after our baby. Five years later we took 40 Supervisors with us to the Barcelona Extravaganza and that was the event that gave us the last push we needed to complete our Millionaire Team qualification."

Stefano Gatti & Petra Raffeis,
Millionaire Team, Italy

"I was in my first month of qualifying for the President's Team when I came to Barcelona for the 1993 Extravaganza. I brought 50 people from my organisation to the event. As soon as my group got home, we all got back to work and in just three months I saw my income double."

Of the 18 Supervisors I took with me to Barcelona in 1993, 15 of them qualified for the President's Team and I qualified for the Chairman's Club in just two years! I have no doubt that our success was attributed to the tips we learned from other leading Distributors in Barcelona."
